The Chief General Manager
Bihar Telecom Circle
Patna

Subject: A suggestion for improving stability of transmission network for better experience and customer satisfaction in Bihar.

Respected Sir,

In the last one year, it has been observed that there is tremendous growth of data traffic in FTTH, Broadband and Mobile services in Bihar despite frequent interruptions due to media instability. It has been learnt that Bihar State Power Transmission Company Limited (BSPTCL) has a wide network reach of dark fibre across the State of Bihar.

Further, ETR is already in consultation with BSPTCL for hiring dark fibre of around 1000 Km. for some long-distance routes. The proposal of ETR and BSPTCL network diagram is enclosed herewith for your kind reference pl. It is assumed that rates will most probably be comparable as in Odisha, where the similar organization OPTCL is providing dark fibre @ Rs. 3289/Km/Fibre per annum excluding taxes. A copy of the approval from BSNL Corporate Office for one such hiring of dark fibre with OPTCL, Odisha is also enclosed herewith for your kind reference pl.

It is, therefore, kindly suggested that Bihar Circle may also explore this option for strengthening Bihar Circle routes for better stability of network and improving QoS for better experience and customer satisfaction in Bihar.

with warm regards,

fe  13.04.21
Circle Secretary
AIGETOA, Bihar
